

SUMMER NEWS SHEET - NATIONAL OSPREY CLASS ASSOCIATION

The A.G.M. is to be held at Saundersfoot on Tuesday August 19th. May I please have by return any items for inclusion in the Agenda, together with any nominations for the Committee for the term of office 1969-1970.

Mr. P. Agnew of The Mounts Bay S.C., and a well-known member of the Osprey Class for some years, has volunteered to take over as Secretary of the Association and one of his fellow Club members will take on the Treasuryship.

Will current holders of Championship trophies either return them to me as soon as possible or let me know if they are to be taken direct to Saundersfoot. You are reminded that the closing date for the Championships is August 2nd.

Together with the Agenda for the A.G.M. you will receive an addendum to the Class handbook, this will bring it up to date until such time as a new handbook is produced. It will include all changes of ownership which have been notified to me together with details of the additions to the Class.

Westerly Boats of Rock have been given permission to build two ospreys in a new form of composite construction, based on hulls built by Messrs. J. Gmach. These will be seen at the Championships at Saundersfoot and are confidently expected to start a 'new fashion'.

Anyone with a spare week's holiday and looking for a week's Osprey sailing should note that there is a class in Burnham Week this year at the beginning of September. Entry forms from The Royal Corinthian Y.C., Burnham-on-Crouch, Essex.

MRS. JOAN WADE,  
Hon Secretary and Treasurer.
